

RA660 Navi M

Industrial scrubbing and drying robot

**Optimised cleaning
processes**

**Maximum
cleanliness and
hygiene**

Up to 70 % less effort

The latest generation of the RA660 Navi M scrubber-dryer robot features a 7-inch touchscreen, a new control system, and an optional app-based remote control function.

If you need spotless hygiene and cost-effective cleaning, the RA660 Navi M is the perfect choice! Equipped with a unique patented navigation system, three cleaning brushes, and a powerful suction unit, the robot scrubs independently and with great efficiency, whenever you need it!

Why choose the RA660 Navi M?

7 inch touchscreen

Remote control via mobile app

Fast charging Li-Ion battery

Membrane tank

Insightful report of cleaning

Intelligent design

Three brush for maximum coverage

Autonomous navigation

Why choose the RA660 Navi M?

Intelligent design

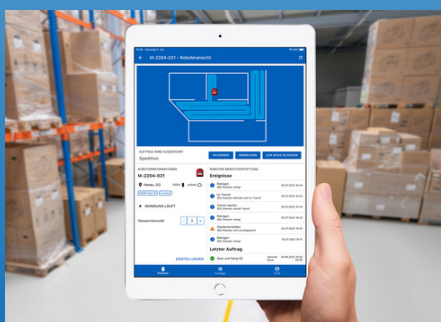

The RA660 Navi M is designed for industrial and commercial use. Unlike front-steered cleaning robots, it can turn on the spot, giving it an extremely small turning radius and allowing it to work efficiently in tight spaces. It can also reach areas that traditional scrubber-dryer robots cannot.

Autonomous navigation

A navigáció és a helymeghatározás terén a robot a Bluebotics ANT lite+ rendszerére támaszkodik, mely a legkorszerűbb és az iparban leginkább bevált, svájci megoldás a takarítórobotok számára. Könnyen és gyorsan telepíthető, robusztus és ipari felhasználásra tervezték.

Remote control via mobile application

Takarítás egy gombnyomással - bárhol is legyen! A "Connect" verzióval rendelkező robotok mindegyike rendelkezik internetkapcsolattal. Az RA660 Mission Control alkalmazással kombinálva Ön bárholnan vezérelheti és felügyelheti súroló-szárító robotját.

Technical properties

Robot dimensions (height/width/length)	92 x 85 x 88 cm
Speed	0,6 m/s
Working width	66 cm
Tank capacity	45 l
Weight (with battery)	260 kg
Battery capacity	24 V/115 Ah
Operating time (without charging)	2,5-3 hour
Cleaning performance	800-1100 m2 / hour

Standard accessories: battery, battery charger, 3 brushes, squeegee, 2.5-liter canister

Optional accessories: power laser unit (necessary for larger spaces), joystick (for manual control), battery storage and transport cart, quick battery changer, elevated flashing beacon, warning sound signal

Where can RA660 Navi M be a solution?
