

S170 Navi Testing prices

ROBOT DEMONSTRATION

Join our free robot demonstration at our Nagytarcsa site!

- Introduction to the robot's construction
- Our technician will map the area and program the robot
- Test run, knowledge transfer
- Answering any arising questions

Participation in the demonstration is free of charge!

ON-SITE TEST

Test the S170 Navi vacuum robot at your own site!

For the on-site test, the rental includes:

- The robot
- The corresponding docking station with a charger and built-in dust bag
- High-power battery charger, access to the fleet management software
- The latest software version for area mapping
- A programming technician who will perform the area mapping (approx. 2000 m²/day), program the robot, provide the necessary knowledge for operation, and answer any questions

The on-site robot testing consists of the following items:

Robot rental fee

- Daily rental: 5,000 HUF+VAT/day
- Weekly rental: 20,000 HUF + VAT / week (5 working days)
- Monthly rental: 80,000 HUF + VAT / month

Programming fee

- Installation Fee: 10,000 HUF

Travel fee

- Robot delivery and return: 150 HUF / km

Our prices are valid until December 31, 2024.
